Convention of Universalists.

Oxford Association of Universalists met this week at New Hall—Good Numbers Attending and Stirring Addresses.

The Association of the Universalist churches for Oxford and a part of Androscoggin counties met with the newly formed South Paris church, Wednesday, for a two days session. President S. A. Bennett of Norway presided at the business sessions. The secretary, Rev. M. B. Townsend, was unable to be present the first day and J. B. Barrows of Bethel was chosen to supply the place.

Rev. W. J. Taylor of Lewiston delivered an impassioned address on the spirit of brotherhood as applied to the questions of sociality. He said: "We have considered the man whom God has endowed with ten talents, but the worthy soul with but the one talent in his struggle for livelihood has too often been ruthlessly thrown aside and forgotten. The time has come to recognize the difference in natural ability of men, and help them to use their talent in a more wise and economical way."

"Christianity teaches us that the dignity of human nature consists in moral and spiritual worth, in a clear conscience and a loving heart."

"No good can come from arraying class against class. It is futile for the poor to cry out against the rich, but it is the duty of the rich to consider the poor. Not all poor are extravagant. There are thousands and tens of thousands hard working men and women laboring for small pay."

The social question is a moral and religious question. The danger is great in condition as they are to-day. All Christians must labor that the evolution of the next twenty-five years shall be upward."

Dinner was served in Grand Army Hall. About one hundred sat down to the tables.

In the afternoon, Rev. C. R. Tenney of Auburn impressed with the power he is capable of the Lessons of the Lord's Supper. He emphasized its importance as a memorial of the death of the Master; but second as a symbolic, typical service, which has as its must have some intrinsic element that makes its value. The importance of the event it commemorates, our great need of constant reminder especially of spiritual things, the availability of the service, the points made showing its fitness, as making one of the essential things of life.

A lady was admitted to membership in the South Paris church, after which the Communion was celebrated, Rev. J. H. Little and Rev. C. R. Tenney officiating.

After a short recess, Rev. C. E. Angell delivered an address on the "Universal Character of Faith." All men have an ingrained sense of the Almighty that appears when in time of great danger. If man is agnostic toward God, God is not agnostic toward men. Why stay outside the church, why be an outside friend, why be one of Christ's far-off followers? Go further than mere society membership—be a member of the church. Give to Christ and His church full fealty.

A business meeting followed. Records of the year were read and approved. The treasurer, Geo. L. Merrill of Dixfield, gave a report of money received and paid, report accepted. \$25 was voted in aid of the newly renovated Dixfield church.

In the evening, Rev. C. E. Lund spoke on the topic, "Men Wanted." Men are needed in the church and men are needed in the world. Men are needed who are what they believed, who believed and stuck to it through thick and thin. The church is to make good citizens, make them good neighbors to the nearest man, make them home lovers. There are too many divisions in modern life. The church is the bulwark of society.

Rev. Eleanor Forbes of Gray and New Gloucester spoke a few minutes. "The object of the church is to bring salvation, freedom from ignorance error and sin. Man's place to work out salvation, must keep clearly the spirit of devotion. Remember the Source of strength, keep homes pure and work for the salvation of the human soul."

Rev. W. W. Hooper was introduced as the bishop of Maine. Live right for self and for others. Life of wrong doing is a curse to man. Right living is the only way to happiness. Live for the sake of Christ's kingdom in your own hearts, and the hearts of others.

Thursday morning was a business session. Officers for the next year were elected and encouraging reports read from the various parishes. The question box was a feature and many interesting and valuable points were brought out for the progressive work of the church.

Get the Most Out of Your Food

You don't and can't if your stomach is weak. A weak stomach does not digest all that is ordinarily taken into it. It gets tired easily, and what it fails to digest is wasted.

Among the signs of a weak stomach are uneasiness after eating, fits of nervous headache, and disagreeable belching.

"I have taken Hood's Sarsaparilla at different times for stomach troubles, and at different times of the system, and have been greatly benefited by its use. I would not be without it in my family. Roundabout Norway.
E. L. Jenkins of Norway tells how he recently got a fox in a peculiar manner. He shot at it and broke a leg and Ray, being hard pressed by the dog, undertook to swim across Hobbs' pond. The dog plunged in and soon came up with the fox and a battle in the water between the two ensued. The fox caught the dog by the nose and held on and they plunged in and out of the water until it seemed that both would drown. They worked over which one should reach out of water. The fox was the quicker and still holding the dog by the nose got to the rock and would allow the dog only to put his forepaws on the rock. Of course E. L. didn't dare fire for fear of hitting the dog so he waded out and caught the fox by the nape of the neck and pulled both the fox and dog to land. "Well he bit me," E. L. said, "but I didn't let him as a cat's paw and pounced him on the nose with a club until he let go of the dog. I tell you the dog made short work of him when I dropped that fox."

HARRISON.

Two Elopements.

There has been quite a sensation during the last week caused by a double elopement in South Harrison. The parties are Wm. E. Burnham aged 25, Myrtle F. Landon aged 12, Chester A. Russell aged 19, and Ada Miller aged 16. The girls are the daughter and granddaughter of Richard Landon, and the Landon girl is a half sister to Russell.

The elopement occurred during the night of Oct. 23d, presumably before midnight, and the girls escaped from a chamber window by means of a ladder, which was hastily constructed for the occasion and was left on the ground. Appearances indicate that Russell helped the girls away and that Burnham waited with his team at a short distance and took both girls with him in his wagon, and Russell accompanied them on his wheel.

Burnham took all of his belongings, as far as known, with him, but the girls apparently took nothing except what they wore and a few dollars' worth of clothing procured at a store by means of a forged order during the previous day. Nothing is known as to their destination as no one took the trouble to follow them. There is much indignation in regard to the affair, especially concerning Burnham for inducing an "infant" to run away with him.

It has been known for some time that the parties were very intimate, and it was only a little more than a month ago that both girls escaped from Landon's house by means of a ladder in the night, were followed and found in the neighborhood in company with the same young men. Since that time a fairly close watch had been kept on their movements but the sequel shows that it was not close enough. If Burnham appears in the vicinity again he will probably be arrested, and Landon has in his power to make it very "warm for him," as he has committed a State prison crime owing to the age of the girl.

There is a rumor afloat that Burnham and a girl have been seen at Cornish, and that he said he was going to Massachusetts, but it is regarded as a canard by many.

MASON.

Burglars' Pictures Taken and Date Recorded.

Leon B. Blanchard of Camp Caribou has a most novel protection against any one breaking and entering his camp when it is closed for the winter. Last winter the camp was broken into, and hearing of a German invention to protect the camp he secured an outfit and has the camp fitted throughout. It consists of a very small photographic outfit, all connected by one battery that runs it. The small instruments are placed in the four corners or four sides of each room, and each room in the camp has a set, even to the kitchen. Should any one enter the camp, his picture is taken at once from the four sides. The picture is then enlarged and the person or persons can very readily be recognized.

The instruments will work in the darkness as well as in the light. When the camp is closed for the winter, the instrument is then set and continues for six months. In the same connection there is a clock that cannot be dated or tick. This clock also gives the date of the month, so that should any one enter the month, so that should any one enter the time will be stamped, also the date of the month and the picture, thus giving a complete record, and any one can be convicted by this record. The small instruments are so fitted in the four sides to be invisible to any one.

WEST FRYEBURG.

Gilpatrick-Stevens.

"Merrily rang the bells and they were wed." At the Stevens' homestead, Oct. 15, at six o'clock in the evening, was solemnized the marriage of Hattie Gilpatrick and Chas. F. Stevens, Rev. B. N. Stone of Fryeburg being the officiating clergyman and the ceremonial that of the Episcopal usage including the ring and the bestowal of the bride, Wm. H. Gilpatrick of Portland.

Mrs. Ada Porteous and Mrs. Sarah Stevens, mother of the bridegroom, attended the bride, and the groomsmen was Frank Stevens, a brother of the bridegroom.

From eight to ten of the same evening a reception complimentary to the young couple was given by Mrs. Sarah Stevens for which quite a number of invitations were issued and about thirty relatives, friends and neighbors availed themselves of the opportunity of congratulating the bridegroom and extending good wishes to the newly wedded pair, and admiring the many beautiful and useful bridal gifts in silver, china, glass and linen, also quilts, rugs, cushions and cash amounting to twenty dollars.

The bride wore a attractive and becoming costume of blue crepe with trimmings of applique and white silk, the groom the conventional black.

In the hands of two of the young matrons of this section, Mrs. Emma Walker and Mrs. Kate Meserve, assisted by Susie Jewett, ferns and autumn leaves lent their beauty to the tasteful adornment of the rooms, while those just named with Mrs. Meserve, a sketch of the late coal strike including figures as to its fearful cost in money to those involved was read by Mrs. Emma Walker, a most entertaining selected short story was contributed by Miss Jewett, and Tennyson's "Charge of the Light Brigade" followed by "The Song of the Camp" by Bayard Taylor concluded the pleasing program, after which the club adjourned to meet, Nov. 4, with Mrs. Elmer Walker.

Isn't it rather remarkable for a man 73 years old to take a business trip abroad involving 26 miles of travel? Hall Day of Stow Corner is the man who has lately accomplished this record breaking feat. Rising at midnight he was ready for the road at two a. m. with his ox team and load of apples, bound for the station at Fryeburg. He has walked the whole distance of thirteen miles each way. On one trip the oxen while passing Edwin Walker's made a misdeal and upset the load. Mr. Hall was assisted by Mr. Wyman, a guest of Mr. Walker, in getting the team to rights and reloading his barrels, and Mrs. Wyman retains a photographic souvenir of the incident by means of a snap shot.

NORWAY AND VICINITY
Old-Fashioned Dinner and Concert.
John A. Woodman and wife gave an
old-fashioned dinner at their camp on the
shore of the lake, Saturday, which was
probably the most unique which has
taken place in this section in a long
time. The guests were Mr. and Mrs.
Wells, Mrs. Keeney and Mrs. Green of
New York, J. H. Dyer of Portland, Wm.
P. Jones and wife and the Misses Beal of
Norway.
They went early, according to pro-
gram and stayed late, filling in the time
they were not eating or giving entertain-
ment by doing fancy work. The din-
ner was made up of all the delicacies of
the season, but the principal dish was
fried salt pork with cream gravy. After
the repast the Misses Beal and the
rest of the party with fancy dancing, and
Agnes Beal made her debut as a cellu-
loid soloist.

No Wood or Coal Famine Here.
John P. Cullman, dealer in wood and
coal, says he is able to supply all his
customers with fuel. As soon as the
snow comes he has plenty of wood but
at present he is obliged to buy wood.
He thought he had sufficient to last un-
til sleeting and under ordinary circum-
stances it would not have been a great
demand for wood on account of the
scarcity of fuel and the threatened
coal famine, and he is now forced to
buy wood from "the wood speculators"
and pay a long price for it. As soon as
he can get to his cord wood the price
will drop.
Even as late as Monday, Oct. 20th, he
was offered \$7.00 per cord, which he
refused as he has customers depending
on him for fuel and he feels under obli-
gation to supply them.
He is now supplying them with wood
hailed from Paris (Ill.) and as he has to
pay an advanced price he has got to
charge for it.

cery bill Saturday night that within the
last 10 days eggs had advanced two cents

cent a quart, lard a cent a pound, pork,

We were in error last week when we
said the Radcliffe Shoe Co. intended to
make 1800 to 2000 pair of shoes per day.
They are doing that now and in a short
time expect to be making from 200 to
225 dozen per day or from 2400 to 2700
pair each ten hours. We have no doubt
this can be done as they have plenty of
shop room, plenty of machinery and will
soon have plenty of help. There is no
need of any shoe workers being idle here
this winter.

David F. Noyes of Lewiston, aged
nearly 86 years, has been visiting his
brother, Capt. A. F. Noyes, who is nearly
90 years, last week. Mr. Noyes was
accompanied by his son, W. I. Noyes, of
the New England Telephone Co. Mr.
Noyes says he can remember how the
village looked to him 75 years ago and
there have been many big changes in it
since. Of course since the big fire of
1894 it has changed greatly. He returned
to Lewiston, Saturday afternoon.

Letter to H. J. Bangs.

Norway, Me.

Dear Sir: No man has more need of a
quick and open mind for good new things
than a grocer man. The whole town
looks to him for advice to buy this, and
not to buy that, among 1001 articles.
It's his business to know what is good,
to find out quick what is better, to drop
the good, and sell his neighbors the bet-
ter.

Our point is not new—we are ourselves
145 years old—it is new to some.

Read what we guarantee:

"If you have any fault to find with
this paint, either now in putting it on
or afterward in the wear, tell your dealer
about it."

"We authorize him to do what is right
at our expense."

This is our short way of saying the
paint is good. It is better than good: it
is best, the only good paint, lead and
oil, is not good any longer—wears out in
three years. Ours lasts six years, seven
years, eight years, ten years, fifteen—
in favorable conditions.

Devote lead and zinc is the paint.

Yours truly,

F. W. Devos & Co.

P. S. F. P. Stone sells our paint.

Says We Sleep.

A Vigorous Communication from Our
Former Fellowtownsman—Urges Enter-
prise.

My Dear Editor:—I realize at last that
some one is awake, but am sorry that it
should prove to be one of the former
residents instead of a Norway citizen, as
I suppose J. W. S. means my old friend
Jack Swan. I fully agree with him in
all that he says and realize what an en-
ormous undertaking it is to interest Nor-
way in a little public spirit. To com-
pare the enterprise of to-day with Nor-
way in 1884 when the second Spiney
shop was erected or the centennial year
is enough to make a live son of Norway
weep bitter tears. Appreciate the fact
that times and business prospects have
changed and that live men like John L.
Horne and Gen Beal have passed away,
also that what are left seem nearly dead
as far as public spirit goes, outside of
their own little business.

Several of your citizens have ex-
pressed to me the opinion that Norway
has seen its best day in business, and
late years on the decline, yet these same
gentlemen who are among the most in-
fluential in town sit calmly by and watch
it go without a sigh and any apparent
stop to it or get more. Isn't it a splen-
did prospect? Could anything be more
tiresome to one who is interested? To
see other villages bustling for any kind
of business which will improve the con-
ditions of the town, with Norway sitting
still and waiting for it to come is very
sad news. That's right! sit still and
wait, you'll have the longest wait you
ever had, and if I am not mistaken, the
most of your enterprising citizens will
be laid away while waiting. It is a pity
that people don't or won't realize that
all kinds of activity in this matter will
eventually bring results that will save
many sleepless nights for some of your
business men, wondering why their
profits are not larger, and yet they won-
der and sit still. Doubtless this letter
has a touch of sarcasm. If any one
doesn't notice it, believe me, I intend it
should and the only reason I don't
stronger is because I haven't any more
forceful language at hand, without in-
dulging in profanity.

I had decided to let the subject which
I have been so interested in drop, but
friend Swan's letter set me thinking and
I decided to give you a parting shot, not
enough to leave a lasting impression and
I hope it will, I am sorry to think
of Norway which 10 years ago was as
lively and bustling as any village in
Maine, as a quiet little hamlet with a
people whose only ambition consists of three
square meals a day, a place to sleep and
three days at the county fair.

Perhaps business conditions in this
section have made me look at such mat-
ters in too serious a manner but after
comparing the two sections, I wonder
more and after wondering, I wonder some-
more. Now Mr. Editor don't wake them
up. "Ignorance is bliss," 'tis folly to be
wise," if their only ambition is to sleep
all their lives and be laid away in the
country cemetery all of us ought to be
satisfied. I imagine this will heap a
torrent of reproaches on my head and
hope it will, as some results always are
gained from agitation. Now I shall
wait to see what will be doing. Undoubtedly
somebody calls me to account for this
argument. I shall not take up any more
of your valuable space.

Yours for business, never mind what
kind as long as it is profitable business.

M. P. SMITH.

Lost His Apples.

A man with an ox team came over
from Norway, one day recently, to the
elder mill. In the cart was a barrel and
also some apples. Apparently the tail-
board had dropped out and the apples
were following in the same way. His
course could be traced for a long dis-
tance by the little fruit upon the ground.
Of course no one was glad to see his loss but
it was somewhat amusing to some peo-
ple, who saw the loss and imagined
what would be said when the owner
found it out.

Children's Corner.

From My Window.

From my bedroom window I can see
the forests that cluster about the little
village of South Paris, the sun as it rises
over the hills tops with its splendor and
makes the world magnificent in its
beauty, the lofty mountains with their
steep sides, where the partridges find
shelter from the hunters' guns. Children
there are the green fields with their
ripe golden grain waving in the breezes,
and the houses with their smoke curling
up from their lofty chimneys. And
there are the apples with their bright
yellow and crimson cheeks.

And as I look down on the river below
with its sparkling waters, it makes me
think of how many uses the water can
be used for, navigation and floating logs
down to the mill to be sawed into boards
and shingles.

The world is full of its beauties and
curiosities.

So, Paris. WALTER M. RICHARDSON.

Mrs. Tupman, a prominent lady
of Richmond, Va., a great sufferer with
woman's troubles, tells of her cure by
Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—For some years I suffered with backache,
severe bearing-down pains, leucorrhoea, and falling of the womb. I
tried many remedies, but nothing gave any positive relief.
"I commenced taking Lydia E. Pinkham's Vegetable Compound
in June, 1901. When I had taken the first half bottle, I felt a vast im-
provement, and have now taken ten bottles with the result that I feel
like a new woman. When I commenced taking the Vegetable Com-
pound I felt all worn out and was fast approaching complete nervous
collapse. I weighed only 98 pounds. Now I weigh 109 pounds and am
improving every day. I gladly testify to the benefits received."
Mrs. R. C. TUPMAN, 428 West 30th St., Richmond, Va.

When a medicine has been successful in more than a million
cases, is it justice to yourself to say, without trying it, "I do not
believe it would help me?"

Surely you cannot wish to remain weak and sick and discour-
aged, exhausted with each day's work. You have some discour-
agement of the feminine organism, and Lydia E. Pinkham's Vege-
table Compound will help you just as surely as it has others.

Mrs. W. H. Pelham, Jr., 108 E. Baker St., Richmond, Va., says:

"DEAR MRS. PINKHAM:—I must say that I do not believe there is any
female medicine to compare with Lydia E. Pinkham's Vegetable Com-
pound, and I return to you my heartfelt thanks for
what your medicine has done for me. Before
taking the Vegetable Compound I was so badly
off that I thought I could not live much
longer. The little work I had to do was a
burden to me. I suffered with irregular
menstruation and leucorrhoea, which caused
an irritation of the parts. I looked like
one who had consumption, but I do not look
like that now, and I owe it all to your wonder-
ful medicine."

"I took only six bottles, but it has made
me feel like a new person. I thank
God that there is such a female helper
as you."

Be it, therefore, believed by all
women who are ill that Lydia E. Pinkham's Vegetable Compound
is the medicine they should take. It has stood the test of time,
and it has hundreds of thousands of cures to its credit. Women
should consider it unwise to use any other medicine.

Mrs. Pinkham, whose address is Lynn, Mass., will answer cheer-
fully and without cost all letters addressed to her by sick women.
Perhaps she has just the knowledge that will help your case—
try her to-day—it costs nothing.

\$5000 FORFEIT if we cannot forthwith produce the original letters and signatures of
above testimonials, which will prove their absolute genuineness.

8 Cents

Eight cents a pound is what a young woman paid for twelve pounds of flesh. She was thin and weak and paid one dollar for a bottle of Scott's Emulsion, and by taking regular doses had gained twelve pounds in weight before the bottle was finished.

Eight cents a pound is cheap for such valuable material. Some pay more, some less, some get nothing for their money. You get your money's worth when you buy Scott's Emulsion.

We will send you a little free.

An Important Test.

Do you realize the importance of the
Kidneys and Bladder? when diseased
they make a lot of trouble—tear down
the system and create gravel (stone in
the bladder). Women often suffer from
so-called "female weakness" when their
trouble really lies with the Kidneys and
Bladder. Try this test. Put some
urine in a tumbler. Let it stand twenty-
four hours. If there is a sediment,
cloudy or milky appearance, your Kid-
neys are sick. If you are obliged to
urinate often, especially during the
night; if your urine stains linen, if you
have scalding pains in passing it, if your
back pains you, your Bladder and Kid-
neys are diseased, and you should at
once take the greatest of all Kidney
medicines, Dr. David Kennedy's Fav-
orite Remedy. It has cured the most
distressing cases; it will cure you.

It corrects the bad effects of beer or
whiskey, will cure old and chronic cases
of Rheumatism and Dyspepsia and acts
gently yet promptly on the Bowels.
Favorite Remedy is sold for 50c and \$1 a
bottle at all drug stores.

You may have a trial bottle of Favor-
ite Remedy with a pamphlet of valuable
medical advice sent free by mail post-
paid, by sending your address to the DR.
DAVID KENNEDY CORPORATION,
Rondout, N. Y., and mentioning this pa-
per. The proprietors of this paper
guarantee the genuineness of this liberal
offer.

You Needn't.

You needn't keep on feeling distressed after
eating, nor keep on experiencing nausea
between meals.

In other words, you needn't keep on being
dyspeptic, and you certainly shouldn't.

Good's Sarsaparilla cures dyspepsia—it
strengthens and tones the stomach, perfects
digestion, creates a normal appetite, and
builds up the whole system.

An Important Test.

Do you realize the importance of the Kidneys and Bladder? When diseased they make a lot of trouble—tear down the system and create gravel (stone in the Bladder). Women often suffer from so-called "female weakness" when their trouble really lies with the Kidneys and Bladder. Try this test. Put some urine in a tumbler. Let it stand twenty-four hours. If there is a sediment, your kidneys are sick. If you are obliged to urinate often, especially during the night; if your urine stains linen, if you have scalding pains in passing it, if your back pains you, your Bladder and Kidneys are diseased, and you should at once take the greatest of all Kidney medicines, Dr. David Kennedy's Favorite Remedy. It has cured the most distressing cases. It will cure you.

It cures the bad effects of beer or whiskey, will cure old and chronic cases of Rheumatism and Dyspepsia and acts gently yet promptly on the Bowels. Favorite Remedy is sold for 50c and \$1 a bottle at all drug stores.

You may have a trial bottle of Favorite Remedy with a pamphlet of valuable medical advice sent free by mail post-paid, by sending your address to the DR. DAVID KENNEDY CORPORATION, Rondout, N. Y., and mentioning this paper. The proprietors of this paper guarantee the genuineness of this liberal offer.

EAST HEBRON.
Phillips-Verrill.
Hester A. Phillips of East Hebron and William C. Verrill of West Hebron were united in marriage, the 19th, by Rev. Stephen D. Richardson at his residence. On account of ill health he was unable to go to the bride's home according to arrangement. The bride was very anxious Rev. Mr. Richardson should perform the ceremony as he performed the marriage rites for her parents twenty-two years ago. When they returned, her parents and family, the groom's parents and family, William Packard and wife and Mrs. Richard Young from Canton, Wis., were the guests present. Refreshments of ice cream and cake were served. Appropriate music was furnished for the occasion. They left for their home in West Hebron.

While the bride and groom were receiving congratulations, the bride's brother Herman left the room and fastened a long string of old shoes to the carriage. The shoes made a good trail when they left for their home. Mrs. R. Young presented them with a silver button and the guests received other presents. A reception is expected soon.

The ladies' circle received \$65 from their fair.

Mrs. Jennie Record passed two days in the place, last week.

Supreme Judicial Court.

October Term, 1902.

The case of Duggan against Elliott and another (James L. Demeritt), which was begun Wednesday afternoon, was continued on Thursday. After the evidence for both sides had been closed, the court ruled that from the evidence the case should be decided on the requirements of the law in making the arrest without any warrant, as they did not take the parties in the act of the commission of an offense, but that there was no evidence that they acted in any other way than in good faith. The jury brought in a verdict for plaintiff for \$9.48.

This case closed the jury trials for the term, and both juries were discharged, finally.

The following prisoners, who had been assigned and pleaded guilty last week, were brought into court and received sentences as follows:

Calvin L. Washburn for larceny, 30 days in jail. He had been in jail about five months, awaiting the action of the grand jury.

Freeman M. Bixby and Jesse C. Bixby for putting ties on a railroad track, having already been in jail for some five months, were given 11 months in the county jail.

Joseph Rizzio for larceny, five months in the county jail.

Joseph Campbell for a criminal assault, was sentenced to a fine of \$250, which he paid and was discharged.

Guy R. Bell for breaking and entering was sentenced to one year at hard labor in the State prison.

James Field for assault and battery, 30 days in jail.

Harry Brown for throwing sawdust and shavings into a river, \$50 fine with costs taxed at \$15; paid.

Charlotte E. Jocelyn for concealing the birth of a child, paid a fine of \$100 and costs taxed at \$25.

John Reagan for breaking, entering and larceny, retracted his former plea of not guilty and pleaded guilty. He was sentenced to imprisonment at hard labor in the Auburn jail for one year.

Silas F. Littlehale retracted his plea of not guilty on the indictments against him, charging that he was a common seller of intoxicating liquors and maintaining a liquor nuisance, and pleaded nolo contendere. He was sentenced to pay a fine of \$100 and costs taxed at \$15 for being a common seller and in default of payment to 60 days in all. For a single sale on which he was convicted by the jury, he was sentenced to pay a fine of \$50 and costs of prosecution taxed at \$10.

The action of Mulholland against the town of Oxford has been decided by the town court on motion for a new trial.

The following divorces have been granted:

Lottie B. Stevens from Charles E. Stevens for cruel and abusive treatment. Custody of minor children to mother.

After the juries were discharged the case of M. L. Kimball, trustee, vs. The Duntun Lumber Co. was heard by the court. The suit was brought by Mr. Kimball as trustee in bankruptcy of E. F. Hodgdon.

The defense contends that the money was advanced to Hodgdon, who was cutting lumber on contract for the company, not as a payment on his contract, but for the express purpose of paying his workers for the purpose of releasing the lien claims on the lumber; that he failed to use it for that purpose, and the company demanded it back and did actually use it for that purpose. Kimball & Son for plaintiff, Blaisie for defense. Judge Strout is to render a decision later.

In the case of State vs. Joseph Campbell of Brownfield, indicted for assault with intent to ravish, the county attorney not pressed so much of the charge as related to the intent to ravish.
